PROJECTS

[Internet Speed Check ↗](#)
Oct 2024 - Nov 2024

Network Speed Checker Built a network speed checker using HTML, CSS, and JavaScript to measure internet speed by downloading an image and calculating the download time. The project displays the speed in bps, kbps, and Mbps. It demonstrates my ability to work with JavaScript for performance testing and handling real-time data while creating a simple and interactive web tool for users.

[Sports Arena Website ↗](#)
Aug 2024 - Sep 2024

Developed an interactive and appealing sports arena website for sports clubs to engage with customers and provide information about their services. Built with HTML, CSS, JavaScript, PHP, and MySQL, the site features user login, sports details pages, and prizes for clubs in sports like swimming, badminton, cricket, and table tennis. It also includes interactive 2D animations, such as a football kick, enhancing user experience. The project showcases my skills in web development, animation, and full-stack integration.

[Portfolio ↗](#)
Jun 2024 - Jul 2024

Built a personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and experience. Designed with a clean, responsive layout to ensure a seamless user experience across devices. The project demonstrates my ability to create functional and visually appealing websites, emphasizing design, performance, and user interaction.
